Index to Volume 18

Academy-International of Medicine & Dentistry--81

Albright, Robert F. & Morris Pickett. New Processing Technique for Electrocardiograph Film ----------21-22

American Standards Association---------176, 177

Barlow, Lou. See Shapiro

Beiter, John J., Milton G. Bohrod, M.D., and Harold A. Thomas. Control of Highlights in the Photography of Gross Specimens---67-74

Beiter, John J. & James McKenzie, Jr. Homemade Camera Stand for Medical Photography ----------116-120

Bohrod, Milton G., M.D., See Beiter

Biological Photographic Association,
- Awards,
  - Annual ----------40, 41, 205
  - New ----------44, 98, 205
  - Salon ----------38, 39, 201-204
- Constitution Amendments -------159-160, 209
- Contributing Members ----------4th cover
- Election of Officers & Directors-----35, 43, 209
- Fellowships ----------39, 55, 198, 205
- Journal ----------3, 32, 47, 55, 78, 138
- Key ----------22, 41, 195
- Local Chapter Activities-------48-50, 100-102
- Local Chapters Committee----------35, 207
- News of Members----------44-45, 91, 99-100
- Nineteenth Annual Meeting----------36-44
- Officers & Directors----------2nd cover
- Report—Committee on Chapter Regulations 34, 206
- Twentieth Anniversary Meeting-------4, 5, 82, 83, 125-126, 199-209

Book Reviews,
- Corrective Photography ----------103
- Elements of Sound Recording ----------51
- Handbook of Basic Motion-Picture Techniques ----------103
- The Information Film ----------52
- Introduction to Theoretical and Experimental Optics ----------103
- Medical Photography, Radiographic & Clinical-53
- 16-mm Sound Motion Pictures----------51
- 35-mm Filmstrip Technique ----------52

Current Literature ----------53-55, 104

Donaldson, John C., M.D. and Theodore Snook, Ph.D. Direct Projection of Microscopic Sections in a Modern Lantern---178-179

Greppin, E. H. Safety in the Operating Room 182-187

Halsman, Julius. Color Photography of Pathogenic Fungi in Open Petri Dishes--------75-78

Hansell, Peter, MRCS. Universal Hospital Camera Stand ----------7-11

Holman, Edwin J. Legal Aspects of Patient Photography ----------188-193

Hunter, John, M.D. A Stimulus Indicator for Use in Cinematography ----------92-93

Importation of American 16-mm Scientific Films into Canada ----------89-91

Interim Report of the Committee on Motion Pictures ----------174-176

Julin, Leonard A. A Semiautomatic Aseptic Surgical Camera ----------163-167

Kothe, Howard H. ----------33

Latven, Albert R. Catatonic Immobilization of Laboratory Animals for Photography-----18-20

McComb, Stanley J. Cost Finding in Medical Photography ----------121-124

McKenzie, James, Jr. See Beiter

Medical and Biological Illustration----------215

Medical Illustrators' Directory Available-------81

Miller, O. E. Color Temperature: Its Use in Color Photography ----------150-158

New Apparatus ----------56-64, 210-214

New Journal for Biological Photographers--194-195

Pickett, Morris J. See Albright

Pushee, John W. See Talbert

Prevention of Deterioration Abstracts---------124

Professional Illustrators & Photographers-------81

Recognition of Ability ----------168-174

Richards, Oscar W., Ph.D. President's Address 196-198

Schlosser, Ralph J. Photomicrography of the Developing Larvae of Wuchereria bancrofti in a Mosquito Host of the South Pacific Area ----------12-15

Shapiro, Sidney and Lou Barlow. A New Adaption of the Black and White Transparency as a Teaching Aid ----------79-81

16-mm Report of the Committee on Motion Pictures ----------94-98

Smith, Arthur L. Facts and Trends------107-115

——— A Narration Sound-Recording Studio-23-31

——— A Small Microphone Boom and Dolly 144-149

Smith, James ----------193

Snook, Theodore, Ph.D. See Donaldson

Suggestions for Contributors ----------3rd cover

Talbert, Leo J. and John W. Pushee. An Improved Method of Copying in Color--139-143

Thomas, Harold A. See Beiter

Trenner, Simeon ----------187

Tuttle, Harris B. New Section on Motion Pictures to Start in Journal This Year----32-33

——— A Road Map for Medical Motion Pictures ----------84-88

——— A Visitor from Australia---------46-57

Vetter, John P. An Inexpensive Slide-Area Marker ----------180-181

Weber, Julius. Photomicrography with the Concentrated-Arc Lamp ----------127-138
